Da-Lite Screen Company provides additional sizes for the Theater-Lite portable projection screen. The Theater-Lite is lightweight and sets up in a snap and is easily stored in just about any closet or storage space.

Now in addition to the 60" and 80" diagonal HDTV format sizes, the Theater-Lite is also available in 60" and 80" diagonal Video format sizes. It features Da-Lite's Wide Power screen material that offers a 2.2 gain with a 45 degree half angle.
