

Sweam is a TI DLP mobile projector with a touch screen, built-in 4G, Android operating system and wi-fi. This means you can download any apps of your choice and stream video wherever you want.

Sweam is an easy-to-use stand-alone projector, small enough to fit into a jacket pocket, providing both sideward and upward projection.

You won't need to connect this projector to a phone or a computer. It has its own 4G connection and wi-fi.

Sweam is based on Android and you can download all your entertainment apps directly to the device
