The new CEDIA Board supports existing chair Kris Hogg, from Sheffield-based Konnectiv (HTP), and Christiaan Beukes, owner of S. African-based home automation company Sphere Custom Design (HTP) and Giles Sutton, Managing Director of James and Giles Ltd (HTP).

“On behalf of CEDIA EMEA, I am delighted to welcome the new and returning CEDIA board members for 2016,” CEDIA EMEA executive director Wendy Griffiths says. “This year, the board represents a fantastic geographical spread across the region. Together, we look forward to introducing more initiatives that are focused on delivering value for the industry as a whole.”

The board of directors defines the CEDIA vision and strategic direction. It maintains a dialogue with members, makes sure CEDIA's strategic principles remain relevant to the industry and reflects the ever-evolving needs of members.
