Region1 CEDIA (the Custom Electronic Design & Installation Association) announces the winners of the CEDIA Awards 2011 at a glittering black-tie ceremony in London's exclusive West End.

Grahams Hi-Fi won the Best Media Room over £15,000 category for 'The Pope's House'; which the judges praised as "a beautiful bedroom which doubles as a completely concealed media room-- incredible integration."

Prestige Audio triumphed with *Northwood Home Cinema* in the Best Home Cinema £40,000-£100,000 category; a true re-creation of a cinematic experience in the home, with an easy-to-use design for intuitive use by all family members.

Elsewhere, SMC's *Chelsea Family Home* proved a clear winner in the Best Integrated Home £30,000-£100,000, through its incredibly flexible and technically impressive installation. Henri Intégrateur Domotique won in the Best Integrated Home over £100,000 category for *Villa des Amis*

Winner: Sensory International, MY CLOUD 9, UK

Best Dressed Rack

Winner: Lewis Building Technology, Integrated Home Automation & Security, UK

Alongside these project winners, CEDIA Awards were also presented in two trade supplier categories; **Best Trade Supplier** and **Best Training Initiative by a Trade Supplier**. All ESP members were entitled to vote on both categories.

This year's winner of Best Trade Supplier went to *Crestron*. Winner of Best Training Initiative by a Trade Supplier went to *Lutron*.

Winner of this year's **Best Technology Feature** was Caramel Quin, Grand Designs for an article with plenty of useful advice and practical tips.

New to this year's Awards was the **Technician of the Year** category, open to nominations by member companies, seeking to reward an installer who consistently produces work to the highest standard. The victor of this Award was Laura Lazzerini from Italy's *Studio LGL*.

Established to recognise and reward high quality system design, installation and integration, the CEDIA Awards help to set the standard for CEDIA ESP members across CEDIA Region 1.
