Control and automation vendor RTI finds a distributor in Belgium and Luxemburg in the shape of Operaz Video-Auto, who will be offering RTI solutions together with localised support, training and services.

"Davy Verhaegen and Kris Leys, Operaz's founding partners, have years of combined industry experience and a proven track record for quality service and support," RTI says. "Through Operaz, we are able to successfully expand our reach into this region, bringing integrators the benefit of one-stop shopping and Operaz's trusted service."

Operaz will distribute the full range of RTI control and automation products, as well as provide installers with quick local access to training, support and service to enable efficient installation and service on any job.
